Mode : Online Platform

Eminent Speaker : Dr. Scott R. Stroud.

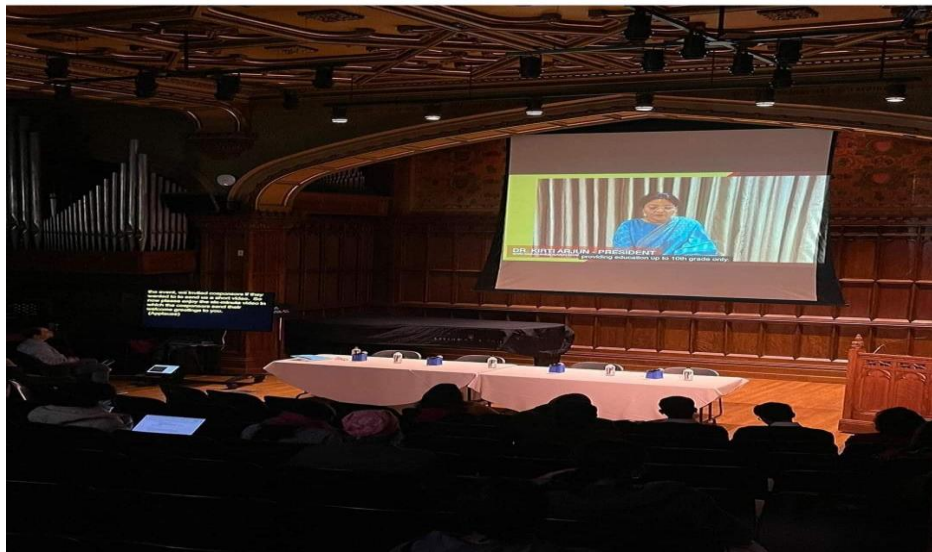

Brief Report :

An International Webinar was Organised in Collaboration with M.A. in International & Comparative Education Teachers College, Columbia University, New York, America. Honourable President Mrs. Kirti Rajesh Arjun, represented Shri Dadasaheb Gawai Charitable Trust, Amravati along with all the faculty members, who participated in the online webinar. In her opening remarks Mrs. Kirti Arjun highlighted the vision and mission of the trust based on the principles of Dr. Babasaheb Ambedkar. She shared the noble objective of her parents to establish educational trust.

The Eminent Speaker Dr. Scott R. Stroud deliberated on Pragmatism, a philosophical tradition that emphasizes practical consequences and real-world applications as essential components of meaning and

truth, originated in the United States in the late 19th century. However, its influence has expanded globally, including in India, where pragmatism has evolved uniquely in response to the country's social, political, and cultural contexts. Indian pragmatism is characterized by the integration of indigenous philosophical traditions with Western thought, resulting in a dynamic rhetorical reconstruction that reflects India's evolving democratic, social, and intellectual landscape.

The lectures were followed by intellectual discussion which explored the historical evolution of pragmatism not only in India, but all over the globe. It focused on its intersection with Indian philosophical traditions and its role in shaping contemporary discourse in areas such as education, politics, and social reforms. A large number of participants across the world joined the webinar.
